

Mahmoud Mira

Full Stack Developer

✉ mahmoud.mira2030@gmail.com ☎ +201205096533 www.linkedin.com/in/mahmoudmira18/

I am a Full Stack Developer with a background in ITI education and two years of experience in Front-end development. My expertise lies in creating web-based applications, and I possess a solid foundation in data analysis with a strong proficiency in JavaScript. I have a proven track record of building web applications using various frameworks and technologies, including React.js and Node.js. Additionally, I excel in providing technical support for the software I develop.

Experience

Full Stack Developer Intern in ITI

2023

- During my internship as a Full Stack Developer at ITI, I gained hands-on experience in web design using HTML5 and CSS3, along with other relevant libraries. I delved into JavaScript and further honed my skills in popular frameworks such as React and Angular. I actively participated in numerous team projects, allowing me to thrive in high-pressure situations.
- Moreover, I had the opportunity to explore the backend realm, working with technologies like Node.js, Express, and MongoDB, among others. I also acquired proficiency in version control using Git and GitHub, while expanding my knowledge of SASS and jQuery.
- Throughout my internship, I successfully completed substantial real-world projects, contributing significantly to my practical development skills as a Full Stack Developer.

Software Engineer Intern at Kalbunyan Almarsus

Apr 2022

- in this scholarship , studied the basics of programming and then majored in Full Stack Developer

Education

Professional Diploma of MEARN Stack Application Development In Information Technology Institute (ITI)

July 2023 -November 2023

Bachelor's degree of science

- Faculty of Science, Geology Department, Zagazig University

Technical Skills

- HTML5 / CSS3
- Javascript
- Bootstrap
- jQuery
- SASS
- Tailwind
- ReactJS
- Angular
- NodeJS
- Express
- NextJS
- NoSQL(mongoDB)
- Rest API
- Linux
- C++
- Python
- Bash Script
- OOP
- Data structure
- AWS
- Docker
- Git / Github
- Problem Solving

Courses

- **The Modern JavaScript Bootcamp, Udemy**
 - Faculty of Science, Geology Department, Zagazig University
- **Build Responsive Real-world Websites, Udemy platform**
 - used HTML, CSS, Instructors: Jonas Schmedtmann (37,5h)
- **CS50's Introduction to Computer Science**
 - This is CS50x , Harvard University's introduction to the intellectual enterprises of computer science and the art of programming for majors and non-majors alike, with or without prior programming experience. An entry-level course taught by David J. Malan

Extracurricular Activities

- **NU Research Office**
 - 2nd Practical AGYA Training: Improving Academic
 - Professional Skills and Getting Ready for the Job Market
- **AAPG(American Association of Petroleum Geologists),**
 - *member of social media Committee*
 - Chapter in Cairo University
- **B2B Organization**
 - *Head in Treasury Committee,*
 - *member in PR committee*
 - *A voluntary organization that serves university students and some other charitable works*
- **Instructor in Mathematics**
 - *I have been a mathematics instructor for over two years, both offline and online, through the Duroos Academy platform*
